

Legend

Existing shrubs and trees

Flower pockets

5 gallon shrubs

Decomposed Granite

Bark Brown $\frac{3}{4}$ " gravel

Country Manor retaining wall

Perennial Flowers group sun

Achillea species

Chrysanthemum superbum

Gaillardia grandiflora

Hemerocallis species

Nepeta faassenii

Phlox subulata

Rudbeckia hirta

Santolina chamaecyparissus

Yarrow

Dwarf Shasta Daisy

Blanket Flower

Day Lily

Blue Catmint

Creeping Phlox

Black Eyed Susan

Gray Santolina

Perennial Flowers group partial shade

Aquilegia species

Dicentra sp.

Echinacea purpurea

Heuchera sanguinea

Linum lewisii

Veronica species

Columbine

Bleeding Heart

Purple Coneflower

Coral Bells

Blue Flax

Speedwell

Shrubs group sun

Buddleia species

Genista tinctoria

Kniphofia uvaria

Lavandula grosso

Perovskia atriplicifolia

Rosa woodsii

Butterfly Bush

Woodwaxen

Poker Plant

Lavender

Russian Sage

Wild Rose

Shrubs group partial shade

Caryopteris species

Cornus alba

Hemerocallis species

Mahonia aquifolium

Potentilla species

Blue Mist

Ivory Halo Dogwood

Day Lily

Oregon Grape

Cinquefoil

General Notes

1. The final grade in all planters must be 1" below the adjoining hardscape surfaces.
2. Minimize the use of existing Railroad ties by modifying grade where possible. Railroad ties can be stockpiled on site for later use.
3. All flowers will be planted on 12" centers using a 4" pots or larger. The flowers will be planted in solid groups of color.
4. Group shrubs in odd numbers 3 and 5 of the same species.
5. Planting holes for all shrubs should not be any deeper than the root mass of the plant. The planting hole needs to be twice the diameter of the rootball. Back fill material will be a 50/50 mix of native soil and planter mix.
6. Irrigation needs to be supplied to all plants utilizing existing irrigation.
7. Country Manor retaining walls must be built to the manufacturers specs.
